Division of Liquor Control Beer & Wine Section

As a liquor permit holder, it is your responsibility to know the state liquor laws and rules of the Ohio Liquor Control Commission that apply to the operation of your winery. The Division of Liquor Control has prepared this guidebook on winery basics to serve as a helpful guide for understanding many of the laws and rules (the number of the statute or rule is noted so you can refer to the specific law). This guidebook is not, however, a complete guide. We suggest that you consult with your attorney on any matter that involves your business and that you refer to, or obtain a copy of, the complete set of the liquor laws and rules.

Pricing Requirements

OAC 4301:1-1-03

TERMS TO KNOW:

The price of your wine if you sell to a distributor	wholesale invoice cost
The price that the distributor sells to a retailer	minimum retail invoice cost
The price that the retailer sells to the consumer	minimum retail selling price*

- This rule shall apply to all sales of wine, **not for consumption on the premises** here sold and in sealed containers, by manufacturers.
- Manufacturers shall sell to wholesale distributors at the **wholesale invoice cost**.
- Wholesale distributors shall sell to retail permit holders at no less than the **minimum retail invoice cost**, which shall be computed by adding a markup of not less than thirty-three and one-third percent to the “wholesale invoice cost including freight and taxes.”
- Retail permit holders shall sell to consumers at no less than the **minimum retail selling price,*** which shall be computed by adding a markup of not less than fifty percent to the “minimum retail invoice cost.”
- A-2 permit holders selling to retail permit holders must sell at no less than the “**minimum retail invoice cost**.”
- A-2 permit holders selling to consumers must sell at no less than the **minimum retail selling price.***

* Minimum retail selling price for single bottles :	fifty percent over the minimum retail invoice cost.
* Minimum retail selling price of one case : (same size, type and kind of wine)	forty percent over the minimum retail invoice cost for that bottled wine.

When the case contains the same size and has either the same or different types and kinds of wine, the permit holder may calculate and advertise the case as ten percent off the retail single bottle minimum price.

A price schedule shall be created and maintained by each manufacturer of bottled wine in this state. The price schedule shall be created quarterly on or before the tenth day of December, the tenth day of March, the tenth day of June, and the 10th day of September of each calendar year. The price schedule, as provided herein, shall be effective on the first day of the calendar month following the date of creation.

No bottled wine of any kind or description whether bearing a brand name or private label, shall be bottled in Ohio and sold or distributed in this state by retail permit holders unless registered for sale in Ohio and a price schedule is in effect.

MINIMUM MARK-UP MADE SIMPLE

You determine the **wholesale invoice cost**

The distributor adds thirty-three and one third percent to that **wholesale invoice cost** and sells to retailer at the **minimum retail invoice cost**

The retailer adds fifty percent (for single bottles) or forty percent (for cases) and sells to the consumer at the **minimum retail selling price**

EXAMPLE:

Wholesale invoice cost (you sell to distributor)	=	(you decide)	=	\$3.00
Minimum retail invoice cost (distributor sells to retailer)	=	(\$3.00 x 1.333)	=	\$4.00
Minimum retail selling price (retailer sells to consumer)	=	(\$4.00 x 1.50 - single) (or \$4.00 x 1.40 - case)	=	\$6.00 \$5.60

GOING BACKWARD:

Minimum retail selling price (retailer sells to consumer)	=		=	\$6.00
Minimum retail invoice cost (distributor sells to retailer)	=	(\$6.00 ÷ 1.50)	=	\$4.00
Wholesale invoice cost (you sell to distributor)	=	(\$4.00 ÷ 1.333)	=	\$3.00

IF YOU SELL THAT \$3.00 BOTTLE OF WINE DIRECTLY TO A RETAILER OR THE CONSUMER, YOU MUST INCORPORATE THE APPROPRIATE MINIMUM MARKUPS

Restriction on Price Reductions and Price Scheduling

ORC 4301:1-1-50

No F-3 permit shall be issued to any nonprofit organization that is created by or for a specific manufacturer, supplier, distributor, or retailer of beer, wine, or mixed beverages.

Notwithstanding division (E) of section 4301.22 of the Ohio Revised Code, a holder of an F-3 permit may obtain by donation beer, wine, or mixed beverages, from any manufacturer or producer of beer, wine, or mixed beverages.

Nothing in this chapter prohibits the holder of an F-3 permit from bringing into the portion of the convention facility or hotel covered by the permit beer, wine, or mixed beverages otherwise not approved for sale in this state.

Notwithstanding division (E) of section 4301.22 of the Ohio Revised Code, no holder of an F-3 permit shall make any charge for any beer, wine, or mixed beverage served by the drink, or in its original package or container, in connection with the use of the portion of the convention facility or hotel covered by the permit.

YOU MAY DONATE YOUR PRODUCT TO AN F-3 EVENT

F-4

ORC 4303.204

The division of liquor control may issue an F-4 permit to an association or corporation organized not-for-profit in this state to conduct an event that includes the **introduction, showcasing, or promotion of Ohio wine**, if the event has the following characteristics:

F-6

ORC 4303.206

The division of liquor control may issue an F-6 permit to a nonprofit organization that is exempt from federal income taxation under the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 501(c)(3), as amended, to sell wine at an event organized and conducted by, and for the benefit of, the nonprofit organization.

An F-6 permit may be issued to a nonprofit organization if the premises of the event for which the F-6 permit is sought is located in a precinct, or at a particular location in a precinct, in which the sale of wine is otherwise permitted by law. The premises of the event for which an F-6 permit is issued shall be clearly defined and sufficiently restricted to allow proper enforcement of the permit by state and local law enforcement officers. If an F-6 permit is issued for all or a portion of the same premises for which another class of permit is issued, that permit holder's privileges shall be suspended in that portion of the premises in which the F-6 permit is in effect.

A holder of an F-6 permit may charge an admission price to attend the event for which the permit is issued, which price includes the consumption of wine or sale of wine by the individual drink.

A holder of an F-6 permit may sell wine in its original sealed container by auction at the event for which the permit is issued.

Nothing in this chapter or Chapter 4301. of the Revised Code or any rule adopted by the liquor control commission prevents the holder of an F-6 permit from obtaining wine by donation

from a manufacturer, supplier, or wholesale distributor of wine or from any person who is not the holder of a permit issued by the division of liquor control.

Notwithstanding any contrary provision of section 4301.24 of the Revised Code or of any rule adopted by the liquor control commission, employees of a manufacturer, supplier, or wholesale distributor may assist the holder of an F-6 permit in serving wine at the event for which the permit is issued.

The division shall prepare and make available an F-6 permit application form and may require applicants for the permit to provide information necessary for the administration of this section.
